About Company

Namaste Business Advisory Pvt. Ltd. is a premier consulting firm dedicated exclusively to the retail and supermarket industry. With deep expertise in supermarket setup, modern trade transformation, and operational excellence, we provide comprehensive, customized, and result-driven solutions to entrepreneurs, retail chains, and business owners across India. From concept to execution, we support every step of your retail journey, whether you are launching a new supermarket, revamping an existing store, or scaling your retail brand. Our mission is to empower retailers with proven strategies, advanced systems, and hands-on support that drive profitability, efficiency, and customer loyalty.

Vision
To revolutionize the retail landscape by becoming India's most trusted partner for supermarket transformation — empowering every retailer to build smarter, stronger, and future-ready businesses.

Mission
At Namaste Business Advisory, our mission is to lead the evolution of Indian retail by delivering world-class consulting services that are practical, performance-driven, and deeply rooted in industry realities. We strive to:

- Build profitable and efficient supermarket businesses across urban and rural India
- Bridge the gap between traditional kirana stores and modern trade standards
- Provide turnkey solutions — from store setup to sales acceleration
- Foster long-term relationships with retailers through honest guidance, innovation, and measurable outcomes

Purpose

We exist to unlock the true potential of Indian retail entrepreneurs. By transforming grocery stores into structured, tech-enabled, and consumer-friendly retail formats, we are not just growing businesses but we are building livelihoods, strengthening communities, and contributing to India's retail revolution. Our purpose is clear: To inspire retail excellence and drive sustainable growth — one store at a time

Services Offered

Transforming Your Supermarket Vision into a Profitable Reality
At Namaste Business Advisory, we offer comprehensive, end-to-end consulting services tailored for supermarkets and modern retail formats. Our approach combines deep industry expertise, data-driven strategies, and hands-on implementation to ensure your retail venture is not just launched, but optimized for long-term success.

1. Retail Layout Design

Retail layout design boosts visibility, customer flow, and space efficiency. We plan every section and provide two detailed layout plans (furniture & electrical) with material lists to avoid extra costs.

2. Furniture and Fixtures

Furniture and fixtures are selected to suit product categories, layout, and merchandising goals. We guide vendor selection and display planning to improve turnover and avoid space waste, with electrical and lighting aligned for visibility and ambiance.

3. Product Procurement

Product procurement is planned to balance stock levels, buffer needs, and lead times for each category. With access to 100+ FMCG brands and distributors, we help you secure strong sourcing options. This enables better offers and pricing that attract and retain customers.

4. Data Driven Merchandising

Merchandising is driven by data and customer psychology, with product placement optimized to influence buying and increase basket size. We create visual elements like shelf talkers, teaser promotions, and smart product groupings to boost engagement and impulse purchases.

5. Software, Hardware & Data Management

Technology integration covers hardware specs (billing systems, scanners, servers, printers) and retail software suited to your scale. The system supports billing, stock, staff, and analytics, and we ensure everything is installed and functioning before launch.

6. SOP's & KRA's

We define SOPs and KRAs for all roles to ensure consistency and professionalism. With clear structure, schedules, inventory routines, and service protocols, your team operates efficiently from day one using ready-to-deploy documents.

7. Business Policies & Advertisements

We help define clear business policies and create a targeted marketing strategy. Strong policies reduce conflicts, while tailored advertising across local channels builds awareness, increases footfall, and strengthens customer loyalty.

Alia Bhatt

Alia Bhatt made her second appearance at the prestigious Met Gala, this year. The actress opted for a Sahyasachi saree look to go by the 'Garden of Time' theme in a floral saree, with a 23-foot long train. The outfit took 163 craftsmen 1965 hours to create, featuring delicate hand embroidery and silk floss, glass beading, and semi-precious gemstones. The saree was inspired by a short story of the same title written by JG Ballard in 1962, which deals with the theme of fleeting beauty.
